# New Neighbours

If you share how much you love your workspace with a friend and they move in too, we will give you one month rent free, just to say thank you. That's how nice we are! Referrals should be made in writing to one of our Workspace Managers. Sadly we can't accept referrals made over a pint, or passed to us on a post-it note!

You can only make a referral if you're a current tenant and, to get your discount, your referred friend must be a brand new tenant, will need to sign on the dotted line, pay their deposit and first month's rent and physically move in. Then we discount your next month's rent. Easy!

## Mates rates

## Having pals, pays

Sometimes we have friends in common, so if you make us a referral and we have already been introduced, we will let you know right away. We will always accept the first referral.

\*Please see [letready.co.uk/faqs](https://letready.co.uk/faqs) for all T&C's.
